COUGH

A black and white photograph showing a severely damaged interior ceiling. The ceiling is covered in a dense network of cracks and large, irregular sections of material that have peeled away or are falling off, creating a chaotic and hazardous scene. The word "TEARING" is superimposed in a large, white, stylized font across the center of the image, emphasizing the extent of the damage. The background shows some structural elements like beams and possibly a doorway or window in the distance, all appearing in a state of disrepair.
